

JB Carpet and Flooring is an owner operated local business servicing individuals and businesses with their flooring requirements since 2015.

At JB Carpet and Flooring we pride ourselves completing every project **First Time, Every Time** and **On Time**.

All our installers have extensive experience and are equipped with all the latest serviced equipment including 'Dust Mitigation' Extraction Units.

We provide the most professional finish as well as providing minimal interruption and discomfort to our customer.

All work is carried out to meet Australian Compliance Standards as well as relevant Building Code requirements.
